HOBIE® STARFISH

Designed especially for children, our premier kids PFD, the Hobie Starfish, is full of great features to help keep your little ones afloat and comfortable for a day on the water. The wrap-around flotation and support collar are great for comfort and extra safety while a strong grab handle makes it easy to pull your child from the water if required.

PFD-STARFISH

Available in three sizes

XS

Suitable 10-15 kg

S

Suitable 15-25 kg

M

Suitable 25-40 kg

- Foam flotation collar for extra buoyancy
- High quality, low-crush PE foam throughout
- Reflective tape for extra visibility
- Large arm openings allow for freedom of arm movement
- High visibility 210 denier nylon fabric in safety colours (yellow and orange)
- Elastic waist and crotch strap with buckle for extra secure fit
- Heavy duty zip and adjustable buckles provide great comfort and fit
- **Certified to Australian Standard AS4758.1**

HOBIE® SPORTSMAN

Specifically for anglers, the Hobie Sportsman PFD is a front entry vest that is packed with fantastic features that help keep the sit on top kayaker safe on the water. The device also provides ample, versatile storage pockets and a mounting location, close at hand. The adjustable side and shoulder straps and high cut back make the Sportsman an ideal buoyancy device that is comfortable to wear on a long day out on the water.

PFD-SPTSMAN

Available sizes

S

M

L

XL

2XL

3XL

- Heavy duty 25mm waist, side and shoulder adjustment belts
- 2 expanding cargo pockets with mesh drainage utilising quick release, adjustable buckles on 19mm straps
- 2 large zip pockets and 1 small expanding zip pocket with drainage and a device holder
- High visibility 500 denier heavy duty yellow fabric with grey highlights
- High quality super comfortable PVC foam throughout
- Heavy duty zip front with Hobie specific high cut back for added comfort.
- **Certified to Australian Standard AS4758.1** L50 Category (PFD 2 equivalent)

HOBIE® SPORT

This basic side entry vest is suitable for casual kayakers and covers a large size range from XS through to 3XL. The large mesh front pockets provide easy storage and access to small items. The huge side cutouts and short waist give excellent freedom of movement and the open sides help keep you cool. Conveniently located side and shoulder straps allow for individual size adjustments as well as for additional clothing layers underneath!

PFD-SPORT

Available sizes

XS S M L XL 2XL 3XL

- Lightweight, cool and simple side-entry design
- High quality low-crush PE foam throughout
- Large front mesh storage pockets
- Lanyard attachment point
- Large arm openings allow for freedom of arm movement and expanded fit
- High visibility 210 denier safety gold nylon fabric
- Waist and shoulder straps for comfortable adjustments and fit
- **Certified to Australian Standard AS4758.1**
L50 Category (PFD 2 equivalent)

HOBIE® OUTBACK

Designed for comfort, strength and durability, this versatile vest has a high back cut with a functional reflective strip, the lower open mesh area adds comfort, fit and cooling. The extra strong 38mm, adjustable shoulder straps have neoprene cushioning and combined with the heavy duty waist and side straps make this a highly durable PFD. The front has two extra-large pockets with durable mesh drainage. Reflective strips are positioned on the pocket flaps with 19mm adjustable straps, high quality buckles and velcro locking for extra security.

PFD-OUTBACK

Available sizes

- High back cut with large lower mesh area
- High quality super comfortable PVC foam combined with low-crush PE foam sections
- Reflective tape for extra visibility on front pockets and upper back
- Large arm openings allow for freedom of arm movement
- High visibility 600 denier fabric with a safety gold body and pocket flaps
- Durable pockets, straps, adjusters and clips
- Adjustable side, waist and shoulder straps
- Right chest lanyard attachment point
- **Certified to Australian Standard AS4758.1** L50 Category (PFD 2 equivalent)

HOBIE® WORLD TEAM 4

Designed specifically for the sailing community these stylish PFDs come in two versions. The L50 (equivalent to a PFD 2 and rated for sheltered waters) comes in safety red and black and the L50S (equivalent to a PFD3 and rated as a special purpose device for all performance levels) comes in safety red, grey and black. The Australian Standards AS4758.1 L50 and L50S categories require more buoyancy than similar sailing PFDs imported from Europe using the ISO-12402 standard.

PFD-WT4

PFD-WT4-3

Available sizes

- Side-entry heavy duty zipper with a velcro securing tab
- High quality super comfortable PVC foam throughout
- Elasticised side gussets with side adjustment straps
- 25mm polypropylene waist strap with high quality buckle and flexible size adjustment
- Front mesh pocket with reflective strip and velcro fastening
- Large arm openings allow for freedom of movement
- Elasticised shoulder straps
- Tapered comfort cutout section at the front to accommodate a trapeze harness wire clip
- **Certified to Australian Standard AS4758.1**
L50 & L50S Category (PFD 2 & 3 equivalent)

HOBIE® YOKE

The Hobie Yoke style inflatable PFD is rated for offshore use while wearing foul weather clothing. The design is very lightweight, extremely cool and a neoprene collar around the neck provides extra comfort. The yoke is manually inflated (if required) by pulling a small cord that activates the replaceable CO2 cylinder located within the right side of the vest. The velcro secured valise allows for easy access to the cylinder for replacement and for servicing, or for additional manual inflation of the PFD after the manual cord has been activated.

HOBIE® TRAILER RANGE

Hobie Short Draw Bar Trailer P.10

Hobie Long Draw Bar Trailer and Stackers P.11

Hobie Sailboat Trailer, Sail Box and Beach Wheels P.12

Hobie®

HOBIE® KAYAK TRAILER SHORT DRAW BAR

The lightweight and compact Hobie short draw bar kayak trailer is ideal for most of the Hobie kayak range. Add the adjustable double stacker frame and attach the triple stacker bar and carry a host of Hobie kayaks on the one great trailer.

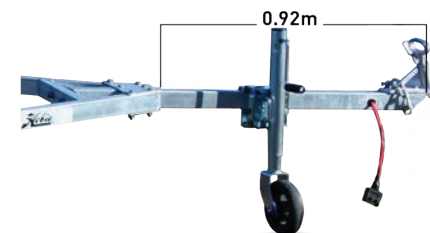

TR-HKT4.2M13SDB
HOBIE KAYAK TRAILER AL4.2M 13 SHORT DBAR

- Fully galvanised, lightweight, low ride, easy to load
- Durable construction with tie-down points and a hard plastic padded strip on rear bar for kayak hull protection on loading
- LED indicators and stop lights, reflectors on the side of the frame and on the front and rear of the wheel arches
- Stylish galvanised wheels with mud flaps and 165/70R 13 tyres
- Strong wheel arches with front and rear step up plates to assist in loading and a sturdy three leaf spring system
- Wiring for side clearance lights inbuilt (lights not included)
- Includes jockey wheel for ease of manouverability
- **Built to Australian standards**

Short Draw Bar Length

HOBIE® KAYAK TRAILER LONG DRAW BAR

If you are looking for a trailer to carry the longer kayaks in the Hobie kayak catalogue such as the new Pro Angler 17T or the Adventure and Tandem Island boats then the long shaft version of our excellent kayak trailer is made just for you. Attach the double and triple stacker accessories to the basic trailer and you have enough room available to carry almost anything.

TR-HKT4.2M13LDB

HOBIE KAYAK TRAILER AL4.2M13 LONG DBAR
(stackers not included)

TR-HKTDSK

HOBIE KAYAK DOUBLE STACKING KIT

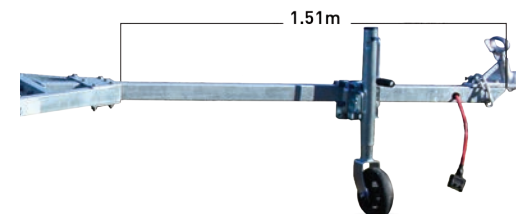

TR-HKTTBK
TRIPLE STACKING KIT

- The Hobie Kayak Long Draw Bar Trailer has all of the same features as the Hobie Kayak Short Draw Bar Trailer with the added length to accommodate longer boats
- Optional spare wheel and spare wheel mount are available

Double and Triple Stacking Kits

- All fixings are included in the Double Stacking Kit (TR-HKDSK) which has adjustable height on the double stacker frames
- Attach Triple Stacking Kit bars (TR-HKTTBK) to your double stacker frames and with no extra fixings required you have the ultimate Hobie kayak trailer

Long Draw Bar Length

HOBIE® SAILBOAT TRAILER

The trailer designed for the Hobie 16 is also suitable for the Hobie T2 and the Hobie Getaway and is packed full of useful features to make transporting, loading and unloading a breeze. Easily accessorise by adding an all weather Hobie sail box, a set of Hobie beach wheels and a spare tyre.

- Suitable for Hobie 16, T2 and Getaway
- Fully galvanised, lightweight but durable construction with tie-down points
- LED indicators, stop lights and clearance lights, reflectors on the side and on the rear and front crossbars
- Stylish galvanised wheels with mud flaps and 165/70R 13" tyres and sturdy three leaf spring system, strong wheel arches with front and rear step up plates to assist in loading
- Carpet padded hull cradles that tilt for easy loading and adjustable front mast support and removable rear support

Hobie Sail Box

- Lightweight but strong fibreglass construction, two piece design for full access with bungee lid tie downs
- Holds two sets of Hobie sails, booms, daggerboards, and rudders with plenty of room to spare

Hobie Beach Wheels

- Australian made 33cm wide, 47cm diameter yellow plastic roto molded rollers with bearings, air valve and drain plug
- 5cm x 240 cm stainless steel axle, strong fibreglass wheel cradles with rubber padding
